

AURORA

AURORA MOBILE®

STORAGE ON THE GO!

Store It!

Move It!

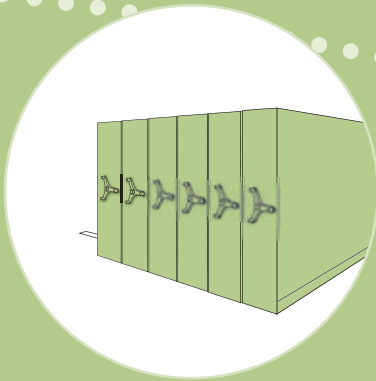

Get It!

SO MUCH MORE TO STORE

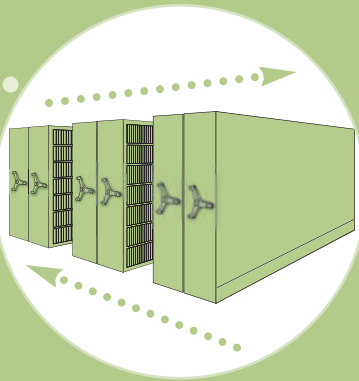

AURORA MOBILE®

THE CONCEPT IS SIMPLE

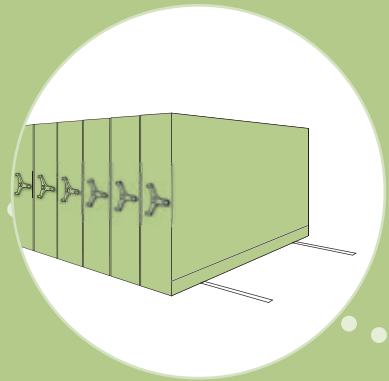

Store It,

Aurora Mobile stores every imaginable item in space-efficient moving carriages.

Move It,

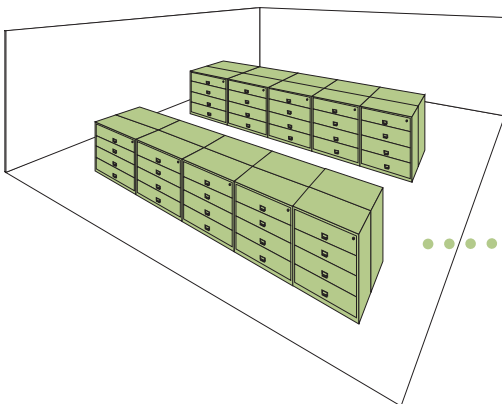

The carriages glide apart on rails to create an access aisle.

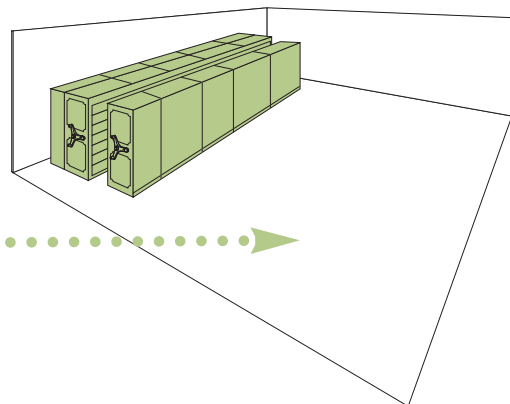

Get It!

Then glide to a closed position, storing more in less space.

LATERALS JUST WON'T DO.

Go from this...

...to this with Aurora Mobile

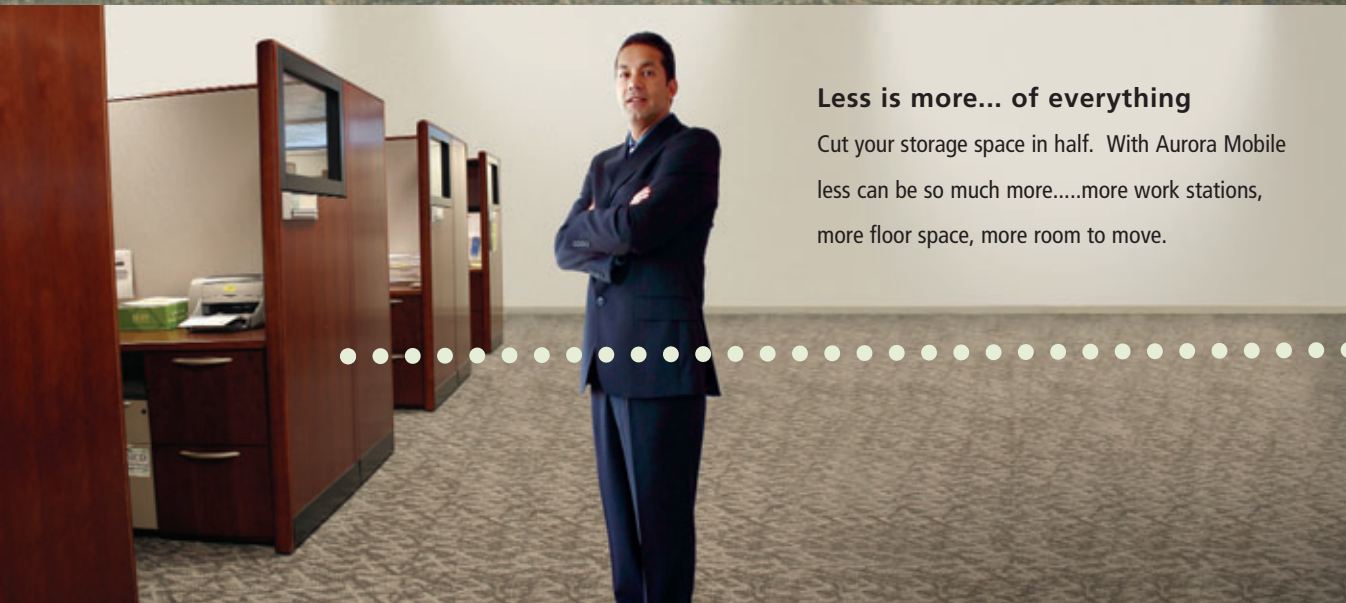

Today's storage systems demand better use of space, increased flexibility, and adaptability for future growth.

Ordinary lateral files just won't do the job when you have so much more to store than files. An Aurora Mobile System can handle books, binders, boxes, and more in 50% of the space. Imagine the possibilities!

AURORA MOBILE®

Aurora Power³ Mobile with Wood-Tek™

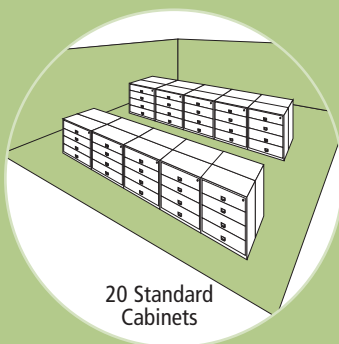

Less is more... of everything

Cut your storage space in half. With Aurora Mobile less can be so much more.....more work stations, more floor space, more room to move.

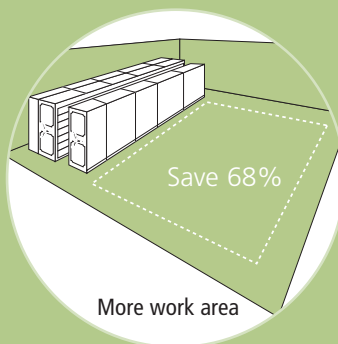

LESS IS MORE.

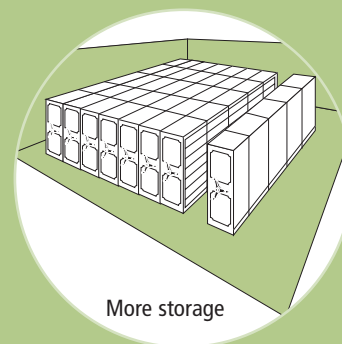

Imagine cutting your storage space in half with Aurora Mobile.

20 Standard
Cabinets

More work area

More storage

With Aurora Mobile you save 68% of your floor space.

With Aurora Mobile, less is more.

In the same 400 square foot room, 20 four-drawer laterals give you storage with little space to spare. With Aurora Mobile store the same capacity in only 128 square feet of space. You gain an additional 68% of room for more work area or for more storage.

AURORA MOBILE®

MANY OPTIONS

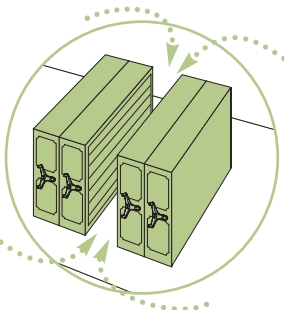

Aurora Mechanical Assist Mobile

Mechanical assist gearing enables smooth and effortless movement of even heavily loaded carriages. Special gearing allows for fewer handle turns for faster retrieval.

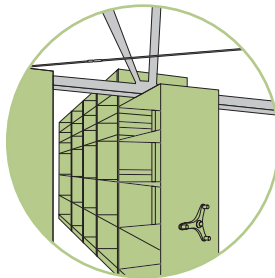

Aurora Power3® Electric Mobile

The intelligent choice for high powered storage applications. Plug-and-play operation, selective security, the ultimate in safety.

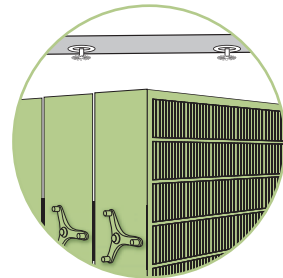

Double Entry Option

Entry from both ends of the system allows for maximum accessibility.

Around Structural Elements

Custom-designed systems allow you to capture space normally lost to permanent obstacles such as columns or beams.

Code Compliance

Low profile carriages allow you to squeeze that extra vertical dimension when it matters most: code clearances, low ceilings, sprinklers, ducting.

Aurora Side-to-Side™

Imagine two or three rows of storage at your fingertips. By moving the front row left or right you have access to the back row. A two row letter size is only 26" deep, and the two row legal size is 32" deep. This modular lateral mobile is a simple and versatile system that can grow with your business.

Aurora Manual Mobile

An economical, dependable system for any type of storage. Carriages up to 8 feet in length.

Art-Stor™

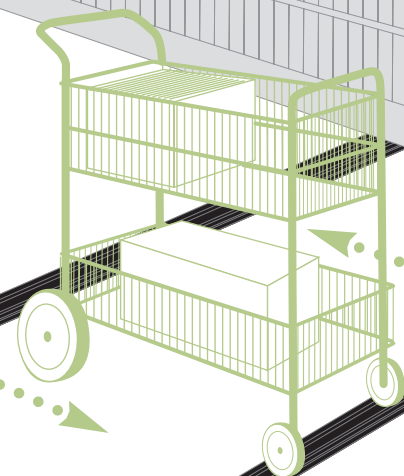

Specialized storage for a variety of fine art media. Store paintings, prints, drawings and tapestries on easily movable carriages. Art-Stor is coated with artifact-friendly Gloss-Tek powder coat paint, non-emissive and safe for the most valuable of art.

Barrier Free Track

Barrier Free Track

Barrier Free Track allows unimpeded aisle access for carts or wheelchairs for individuals with disabilities.

AURORA MOBILE®

AURORA MOBILE®

MORE COLORS AND DESIGNS

All the features of Aurora Mobile come together to give you a galaxy of choices. Aurora Mobile is available in a variety of finishes, ranging from 26 elegant colors to unlimited custom colors, to create the look you want, or to blend with the space you already have.

End Panel Design Options:

End panel options include steel, laminate, Wood-Tek™, and 3-Form® acrylics in standard or Eurostyle end panels.

Wood-Tek end panels are available in 10 stains and five species of real wood.

Order magnetic marker board overlays to jot down important notes.

Magnetic Marker Boards

Our Environmental Pledge

We use environmentally friendly Gloss-Tek™ powder coat on our Aurora Mobile. This finish is 100 percent non-emissive; free of formaldehyde, methanol, and other solvents; and completely friendly to artifacts, specimens, and documents.

***No wonder we say that with Aurora,
any color you choose is "green."***

Choose from a number of end panel options such as Wood-Tek™, laminates, marker boards, and 3-Form.

Aurora Mobile...when you have so much more to store.
